DEPARTMENT OF INDUSTRIES & COMMERCE.

ASSISTANT SECRETARY TO GOVERNMENT
DEC 1955
AGRICULTURE DEPARTMENT

From
Sri S. Aruldoss, I.A.S.,
The Additional Director of Industries & Commerce, Chepauk, Madras.5.

To
The Secretary to Government,
Agriculture Department, Madras.

Rc.No.15676 X3/55, d/30.9.55.

Sir,

Sub: Education - Fisheries Higher Elementary School at Navunda South Kanara - Raising into a Middle school - proposal under Part II scheme ~~Part II scheme for~~ 1956-57 - submitted.

Ref: Govt. memo No.24525 CII/55-3, Agriculture, d/23.5.55

Proposals submitted to the Government in this Office letter No. 72367/54 dated 30.9.54 for converting the Navunda fisheries Higher Elementary School into a Middle School and to separate the Lower Elementary school were deferred in G.O.Ms.No.705, Agriculture, d/12.3.55.

In their memorandum No.24525 C11/55-3, d/23.5.55 the Government have informed me to renew the proposals in time for consideration of the Government as Part II scheme of 56-57. I therefore submit the following proposals.

The Fisheries school at Navunda is midway between Gangolli and Byndoor and it is about 7 miles from each of these places. The students of Navunda and surroundings have therefore to go to Byndoor or Gangolli for their High school studies which is rather costly for boarding and leding etc. The people of Navunda have therefore requested to raise the fisheries Higher Elementary school into a secondary school so that their children may get High school education in their locality itself. Navunda is the only fisheries Higher Elementary school in Coondapur taluk of South Kandara District and this school secured 100% results in the E.S.L.C. examination of 1953-54 and 1954-55

It is housed in a rented building on payment of a high rent of Rs.123 p.m. The owner of the building has been generous to agree to receive Rs.123 p.m. on the request of the Department, when the P.W.D. has fixed Rs.148 p.m. He has also agreed to provide additional accommodation for secondary school and receive the rent fixed by the P.W.D. Unlike Malpe and Bekal, the people of Navunda are not coming forward to provide a free building for the proposed High school so the alternative of providing building on payment has to be accepted.

The present strength of the Navunda school is as follows:—

Standard	Fisheries children	Non-Fisher children	Total.
I A & B	40	7	47
II	37	18	55
III	21	9	30
IV	22	6	28
V	19	7	26
VI	10	18	28 (
VII	5	13	18) 61
VIII	5	10	15)
	159	88	247.

The school has sanction of three Secondary plus seven Higher Elementary grade teachers. The three secondary grade teachers are in charge of standards VI, VII and VIII. Six Higher Elementary grade teachers are handling the six classes in standards I to V (I have two division) and the seventh Higher Elementary grade teacher is a prevocational Instructor.

p.t.o.

The sanction of the staff is as follows:-

1 Secondary plus 3 Hr. Elementary Permanent (G.O.Ms.No.2261, Development, dated 18.5.55).
1 Secondary plus 4 Higher Elementary - Temporary upto 31.5.56 (G.O.Ms.No. 1418, Agriculture, d/28.5.55).
1 Secondary Temporary upto 31.5.56 (G.O.Ms.No. 1493, Agriculture, d/3.6.55).

3 Secondary plus 7 Higher Elementary.

When the school is converted into a Middle school and the elementary school is separated the following will be the requirement of staff.

Ele. School: 1 Secondary Section plus 5 Higher elementary (i.e. for standards I to V (II having 2 divisions).

Middle school:

B.T. II grade Headmaster	1
Secondary grade teacher ..	2
Hindi Pandit ..	1
P.T.I. (Physical Training Instructor	1
Peon ..	1

A The two surplus posts of Higher Elementary grade teachers can be abolished and the additional staff of 1 B.T. Headmaster II grade; 1 Physical Training Instructor; 1 Hindi Pandit and a peon to be sanctioned.

The total strength of Higher standards (VI, VII and VIII) is 61 and this satisfies the conditions prescribed by the Director of Public Instruction that the strength of Higher standards should not be less than 60. It is expected that the strength will increase still further as detailed below when the school is raised into a Middle school.

I form	35
II form	30
III form	35
	100.

I therefore request that sanction may be accorded to:-

A
1. the conversion of the fisheries Higher Elementary school, Navunda into a Middle school from the school year 56-57.
2. the employment of the additional staff of 1 B.T. or L.T. Headmaster II grade on Rs.85-5-125-10-175 p.m. plus personal pay Rs. 15 plus Headmasters allowance of Rs.10.

1 Hindi Pandit on Rs.45-3-60-2-90 p.m.
1 Physical Training Instructor on Rs. 45-2-75 p.m.
1 Peon on Rs.18-1-25 p.m. each for a period from date of appointment till 31.5.57.

(3) the running of the Elementary section of the school as a separate school from the school year 56-57.
(4) the retrenchment of 2 Higher Elementary grade teachers post.
(5) the incurring of a non-recurring expenditure of Rs.600 for supplying furniture and equipment.
(6) Exempt the children of fishermen communities from payment of tuition fees.

The financial implications of the proposals will be as follows:—

I Recurring:

Pay of a B.T. or L.T. Headmaster II grade 85/ - 15/-	Rs.	1,200.
Headmasters allowance at Rs. 10 p.m. ..		120
Pay of Physical Training Instructor and Hindi Pandit at 45 each ..		1,080
Pay of a peon at Rs.18 ..		216
D.A. for the above staff ..		1,080
		3,696
Less pay & allowance of two Hr. Elementary Grade teachers proposed for retrenching (30 plus 19) 12 x 2		1,176
		2,520 or 2,500
Rent of additional building at Rs. 50 p.m. ..		600/-
II Non-recurring: Furniture and books etc. ..		600
III Receipts by way of tuition fees ..		1,000.

for Director of Industries and Commerce.

SIR,

DATED 24-11-1955.

Subject: Education - Fisheries School at Navunda - South Kanara District - Upgarding to High School - Requested.

Ref. (a) My letter to the Hon. Minister for Agriculture dated 25-3-55.
(b) Letter from Agriculture Department No.24525 C II/55-2 dated 23rd May, 1955.

A proposal to upgarde Government Fisheries Higher Elementary School, Navunda in Coondapoor taluk of South Kanara District to High School is pending sanction by Government.

2 The proposal to have a high School there was mooted by Hon. Dr. Naganna Gowda when he was the Minister for Agriculture, after realising the urgent need and necessity for the same. I understand that the departmental authorities have strongly recommended for the opening of a High School there in view of the backwardness of the area in the matter of Secondary Education and also in view of the fact that a High school would benefit mostly pupils of Backward communities of fishermen, Harijans, Billavas, Muslims etc.

3 I have also made several representation in the matter, but my last representation dated 25-3-55, a communications sent to me by Sri N. Murgesha Mudaliar, Deputy Secretary to Government, Agriculture Department as per his letter No.24525 CII/55-2 dated 23-5-55 stating that the proposal would be considered as Part II scheme for 1956-57. As the time for considering the proposals for 1956-57 is nearing, I am addressing this letter with the hope of receiving utmost and favourable consideration at the hands of the Government.

4 In view of the assurance given by the Government as per above said letter and in view of the need and necessity for a High School in that area to cater the needs of the pupils of backward communities, I humbly request you to order the opening of High School from June 1956.

Hope this representation of mine will receive your kind consideration and necessary action in the interest of providing educational facilities to poor and backward communities people living in a backward

PART II SCHEME FOR 1956-57.
Recommendations of the Standing Finance Committee.

S.No. of the Scheme.	Recommendation of the Committee.
115	The provision for the Deputy Registrar and Sub Registrar may be cut out. The existing officers of the Co-operative Department may attend to this work.
116	The proposal requires further examination. May be deferred.
117.	Recommended. But the organisation should be carefully made so as to avoid unnecessary friction between fishermen through private competition. The question of introducing legislation so as to provide for the issue of permits and licences for using mechanised fishing boats should be examined.
118 and 119	Recommended.
120	May be deferred.
121	Recommended.
122.	Recommended. But the staff may be restricted to one Inspector, one Lower Division Clerk and one Peon only. The survey should be completed within three months and a report submitted to the Government.
123 and 124	Recommended.
125	May be deferred as the Islands will go under Central control.
126	Recommended. It is noted that the proposal will be fully examined before sanction.
127	May be deferred.
128 and 129	These may be considered together and the question of carrying on the work at Porto Novo with the assistance of the Annamalai University may be examined. Meanwhile, no provision need be made.
130.	It would be better to provide for departmental culling of the fish. The scheme as now proposed need not be pursued.
131	May be deferred.
132 to 137	Recommended.
133	May be deferred.

2 Kind attention is invited to the note of this department on pages 5-7 n.f. and the orders circulation on page 30 n.f. of Flag (A). From the strength of the school in the several standards furnished at 'Y' on page 1 c.f. it is seen that although the total strength in standards VI to VIII, exceeds 61 and thus satisfies the conditions prescribed by the D.P.I., the strength in each standard is too low, if taken separately, there seems to be no special urgency in the proposal justifying its consideration as a Part II, Scheme for 1956-57 since priority is generally given to schemes included in the Second Five Year Plan and other essential development schemes. It seems the proposal can bear postponement to future years. This department may accordingly suggest that the proposal be deferred.

If Agriculture consider the proposal to be still urgent and essentail, they may be requested to take orders in circulation including those of M(F&E) before preparing the usual part II note.

To A.S.

Please see the notes of H.E.L.A. and Fin.(Spl.) Depts. at pp.3-4 above and the representation of Sri Y. Manjayya Shetty, M.L.A., at pp.7-8 c.f. For the reasons stated in para 2 of their note, Fin.consider that the proposal to ~~upgrade~~ convert the Fisheries Higher Ele.School at Navunda in S.Kanara Dt.into a Middle School during the year 1956-57 is not urgent and may be deferred.Fin. have also noted that in case this Dept. desires to press the proposal, orders in circulation including those of M(F&E) may be taken.

2. The need for the conversion of the school into a Middle School is explained at 'A' on p.1 c.f. In view of this and in view of ~~the~~ what is stated in the representation of the M.L.A. in his letter at pp.7-8 c.f., it is for orders whether the proposal may be pressed for. ~~After orders are passed, a note for circulation will be put up.~~

may be pressed for in Dation with the cost ~~not to be exceeded~~ 31255 - Amal

3. With reference to orders of D.S. at 'S' on p.7 c.f., a draft acknowledgment to the M.L.A. is also submitted for approval.

4. Before the case is circulated for orders, H(EL)A may see again for specific remarks on the point whether the position of schools upto the first eight years of the school course has been finally settled by Govt and if so, to offer their views on the Dept's proposal in this file vis a vis the above

The pattern of schools from Form I to Form VI has not been finally settled. It will take some time before a decision is arrived at. Some radical changes are contemplated in Forms I to III. Pending a decision on the above proposal the question of conversion into a middle school may be deferred.

It is difficult to foresee what any changes may decision upon in the pattern of schools and the Classes will come into effect. In this particular case, I suppose, there is the added complication that whatever decision is taken will fall for execution by Karnataka. The dept will refrain from advising whether the proposal should proceed with or deferred.

NOTE FOR CIRCULATION

fp 1-5-0

The case relates to the proposal of the D.I.& C. for the conversion of the Fisheries Higher Elementary School at Navunda in South Kanara Dt. into a middle school.

A or p 1-0

2. The Fisheries School at Navunda is midway between Gangolli and Byndoor and it is about 7 miles from each of these places. The students of Navunda and surroundings have therefore to go to Byndoor or Gangolli for their High School studies which is rather costly for boarding and lodging, etc. The people of Navunda have therefore requested ~~to raise~~ that the Fisheries Higher Elementary Schod ~~into~~ may be raised to the level of a secondary school so that their children may get High school education in their locality itself. Navunda is the only Fisheries Higher Elementary School in Coondapur taluk of South Kanara District and this school

p.t.o.

secured 100% results in the E.S.L.C. examination of 1953-54 and 1954-55. Sri Y. Manjayya Shetty, M.L.A., has also represented to the Govt. that the scheme should be considered favourably in the interest of providing educational facilities to the poor and backward community living in a backward area of the State.

3. Last year, the D.I.& C. submitted proposals to convert the Higher Ele.School into a middle school with a separate Lower Ele.Section. The proposal was deferred then and was asked to renew his proposal a year hence. Accordingly the D.I.& C. has now requested that the Higher Ele.School may be converted into a middle school with a separate Elementary Section from the academic year 1956-57. The school will be thrown open to all children but children of the fishermen community will, however, be exempted from payment of fees. The proposal involves the employment of the following addl. staff:-

1) One B.T. or L.T. Headmaster (II Grade) on Rs.85-175 p.m.+ personal pay of Rs.15/- + Headmaster's allowance Rs.10/-.
2) One Hindi Pandit on Rs.45-75 p.m.
3) One peon on Rs.18-25 p.m.

4. The above staff will be employed for a period from the date of appointment till 31-5-1957 in the first instance. Two posts of Higher Ele.grade teachers will be retrenched when the above staff is appointed. The D.I.& C. has also asked for sanction to incur an expenditure not exceeding Rs.600/- for the purchase of furniture, equipment and Rs.600/- p.a, on the renting of an addl.building. The proposal involves a recurring expenditure of Rs.3,100/- and a non-recurring expenditure of Rs.600/-. The receipts by way of tuition fees are estimated at Rs.1,000/-p.a.

5. This Dept. have accepted the proposal of the D.I.& C., Finance however consider that there is no special urgency in the proposal as the strength in each Standard of the school is low and as priority is generally given to schemes included in Second Five Year Plan and other essential developmental schemes, the proposal may be deferred.

6. When Sri Y, Manjayya Shetty, M.L.A. requested the Govt. in May last, to reconsider the order of deferring the proposal last year, M(F&E) minuted as follows:-

"We may take this up in 56-57. Meanwhile the pattern of schools upto the first eight years of schooling will be settled. xxxx

(Sd) C. Subramaniam
10-5-55".

Submitted the pattern of Schools in Form I to Form VI has not been finally settled. It will take some time before a decision is arrived at. Some radical changes are contemplated in Forms I to III. Attention is invited to the notes of H.E.L.A. Secretary at 'A' on p.6 above.

7. The case may be circulated to M(A) and M(F&E) for orders whether the proposal of the D.I.& C. to raise the Fisheries Higher Elementary School at Narwada into a Middle School and to run a separate Elementary Section may be brought forward as a Part II Scheme for 1956-57.
